

Code of Ethics for cooperation with Sugar Coin

1. Truthfulness

Ensure that all information shared is truthful and verified. When in doubt, contact us to avoid spreading incorrect information.

2. Respect

Treat all partners and stakeholders with respect and dignity.

3. Support

Provide support and assistance to all collaborating parties to make the collaboration as effective as possible.

4. Protect personal data

Maintain the highest standards of data protection and privacy for all stakeholders. Do not disclose personal information without their consent.

5. Security

Keep all platforms and communication safe from potential misuse.

6. Comply with the rules

Respect legal and ethical standards. Avoid practices like buying followers, using bots, sending spam or promising rewards without prior agreement.

7. Content quality

Only share high quality content that is relevant and respectful to every member of the community and the rights of third parties.

8. Brand representation

Maintain a consistent and professional tone in all communications and strive to present Sugar Coin in the best light.

9. Adhere to budget and scope of work

Adhere to the agreed budget and scope of work. Any changes must be approved in advance by all parties involved.
